Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

The boundary of the operational area has been extended to incorporate a Refused Derived Fuel processing building and associated waste storage bays. In addition, the Site Layout Plan has been amended to allow the existing hazardous waste storage area to be moved to a new location.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
