Good afternoon,

Apologies for the delay on sending the images regarding the drainage connecting the two pads which have been laid. Please find attached. Can you advise if it will be an am inspection please Chris as I have committed to a meeting at 2pm at team valley. If can't make a am visit let me know and will reschedule my afternoon appointment.

See you Tomorrow.

Regards,

[REDACTED]

Morning Chris,

Yes, enjoyed [REDACTED] thanks back to reality now. Yes 80% of the surface is done just need to tie the drain through the centre of site together as requested with [REDACTED]. Soon as that is done, I will send you some photos Monday. And those dates for inspection should be fine just give me heads up which day and will be around for you arriving.

Regards,

[REDACTED]

Morning [REDACTED]

[REDACTED]

Can you give me a progress report about how the concreting is going in areas 4 to 7.

As you know the deadline for these areas is the 30 April next week and we will be looking to come

to the site around 5 or 6 May to check the compliance with the deadline.

Would you be around on either date?

If you could send me some photos prior to the inspection that would be great.

Kind regards

Chris
