

Environment Agency Permitting decisions

Standard Rule Permit

We have decided to issue the variation for Addlesee Timber and Haulage Limited operated by Addlesee Timber and Haulage Limited

The permit number is EA/EPR/QP3590CA/V002

We consider in reaching that decision we have taken into account all relevant considerations and legal requirements and that the permit will ensure that the appropriate level of environmental protection is provided.

Purpose of this document

This decision document:

- explains how the application has been determined
- provides a record of the decision-making process
- shows how all relevant factors have been taken into account.

Structure of this document

- Annex 1 the decision checklist

Annex 1: decision checklist

This checklist should be read in conjunction with the Duly Making checklist the application and supporting information and permit/ notice..

Aspect	Justification / Detail	Criteria met
		Yes
Receipt of submission		
Standard rules criteria met	The application meets the criteria for the standard rules identified in Part B of the application form.	✓
The site		
Extent of the site of the facility	The operator has provided a plan which we consider is satisfactory, showing the extent of the site of the facility. A plan is included in the permit and the operator is required to carry on the permitted activities within the site boundary.	✓

This is variation of a fixed condition licence to a Standard Rule Permit. The operator has accepted this variation, resulting from an Environment Agency initiative to help implement better regulation under the Environmental Permitting Regulations (England and Wales) 2010.
