The NATIONAL RIVERS AUTHORITY in pursuance of its powers under the above Act HEREBY CONSENTS to the making of a discharge of MATTER OTHER THAN TRADE OR SEWAGE EFFLUENT from premises at Wykes Engineering Co. (Rushden) Ltd., Goosey Lodge Industrial Estate, Wymington, Rushden, Northamptonshire, in accordance with the application received on 21 December 1992, subject to the following conditions:-

1. The discharge shall consist solely of surface water from the above premises, free from contamination by domestic sewage, trade effluent, or other foul water.
2. The discharge shall be made through an outlet at National Grid Reference SP 9627 6362 into a tributary of the Knuston Brook.
3. The discharge shall contain no visible oil or grease.
4. The discharge shall not contain more than 10 milligrams per litre non-volatile matter extractable by light petroleum.
5. The discharge shall at no time contain any matter which will cause the receiving waters to be poisonous or injurious to fish, spawn of fish or food of fish.
6. The discharge shall be made through an outlet to the watercourse constructed and maintained so that a direct sample of the discharge may be readily and safely obtained.

This consent will not be revoked nor will the conditions thereof be modified without the written agreement of the person making the discharge before the expiration of the period ending with the last day of February 1995.

NOTES

1. If you consider that any of the conditions subject to which this consent is granted, or that the period specified in the final paragraph of this consent, is unreasonable, you may, by virtue of Section 91 of The Water Resources Act 1991, appeal to the Secretary of State for the Environment.

2. The procedure for appealing is governed by the Control of Pollution (Consents for Discharges etc) (Secretary of State Functions) Regulations 1989 (1989 S. I. No. 1151), to which anyone wishing to appeal should refer. Notice of appeal, together with a statement of the grounds of appeal, must be given in writing to the

Secretary of State
Department of the Environment
Water Environment A Division
Room A404, Romney House
43 Marsham Street
London SW1P 3PY

within three months of notification of the Authority's decision.

3. Any contravention of the conditions subject to which this consent is granted is an offence under the Act and will render the discharger liable to prosecution by the Authority and by any other person.

4. This consent is in respect of water quality considerations only and does not relate to land drainage or other requirements. A consent under the Land Drainage Byelaws may also be required.

5. The granting of Consent under Schedule 10 of the Water Resources Act 1991 does not give any right or permission to discharge to a watercourse where land is not owned by the holder of the Consent.
