Permit number

EPR/DP3897EL

R & C Williams

Permit number EPR/DP3897EL

Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit and notice of an Environment Agency initiated variation of the environmental permit.

This variation application is to increase the current throughput allowance from 3,500 tonnes to 7,000 tonnes per year.

This permit authorises the storage of combustible waste and so we have varied it to include a standard condition that requires operators to take all appropriate measures to prevent fires on site and minimise the risk of pollution from them and, if required by us, to submit for approval a fire prevention plan that once approved must be implemented.

The schedules specify the changes made to the original permit.

We consider that in reaching our decision to vary the permit we have taken into account all relevant considerations and legal requirements and that the permit will ensure at least an equivalent level of protection to human health and the quality of the environment.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Permit determined EPR/DP3897EL/A001	28/10/2009	Permit issued to R & C Williams Limited
Application EPR/DP3897EL/V002 (variation)	Duly made 26/04/2023	Variation application to increase the current throughput to 7,000 tonnes per year
Variation determined EPR/DP3897EL	16/05/2023	Notice of variation issued

End of introductory note

Notice of variation

The Environmental Permitting (England and Wales) Regulations 2016

The Environment Agency in exercise of its powers under regulation 20 of the Environmental Permitting (England and Wales) Regulations 2016 varies

Permit number

EPR/DP3897EL

Issued to

R & C Williams Limited (“the operator”)

whose registered office is

Spaghetti Junction

1 Tyburn Road

Erdington

Birmingham

West Midlands

B24 8NP

company registration number 01857915

to operate a regulated facility at

R & C Williams

Spaghetti Junction

1 Tyburn Road

Erdington

Birmingham

West Midlands

B24 8NP

to the extent set out in the schedules.

The notice shall take effect from 16/05/2023

Name	Date
Alan Whitley	16/05/2023

Authorised on behalf of the Environment Agency

Schedule 1 – conditions to be deleted

None

Schedule 2 – conditions to be amended

The following conditions are amended as a result of the application made by the operator.

Table S3.1 as referenced in condition 2.3.2 is amended as follows:

Table S3.1 Permitted waste types and quantities for a dewatering facility	
Maximum quantity	The total quantity of waste accepted at the site shall be 7,000 tonnes a year. Exclusions • Consists solely or mainly of dusts, powders or loose fibres
Waste code	Description
20	Municipal wastes (household waste and similar commercial, industrial and institutional wastes) including separately collected fractions
20 03	other municipal wastes
20 03 03	street-cleaning residues

Schedule 3 – conditions to be added

The following conditions are added following an Environment Agency initiated variation.

3.4 Fire prevention

3.4.1 The operator shall take all appropriate measures to prevent fires on site and minimise the risk of pollution from them including, but not limited to, those specified in any approved fire prevention plan.

3.4.2 The operator shall:

- (a) if notified by the Environment Agency that the activities are giving rise to a risk of fire, submit to the Environment Agency for approval within the period specified, a fire prevention plan which prevents fires and minimises the risk of pollution from fires;
- (b) implement the fire prevention plan, from the date of approval, unless otherwise agreed in writing by the Environment Agency.
