**ENVIRONMENT AGENCY**

**ANGLIAN REGION**

**WATER RESOURCES ACT 1991 – SCHEDULE 10  
(AS AMENDED BY THE ENVIRONMENT ACT 1995)**

**CONSENT**

To: Mr M Holgate ("the Consent Holder")  
94 Jacksmere Lane  
Scarisbrick  
Ormskirk  
Lancashire  
L40 9RS

The ENVIRONMENT AGENCY ("the Agency") in pursuance of its powers under the Water Resources Act 1991 (as amended by the Environment Act 1995) HEREBY CONSENTS to the making of a discharge of SEWAGE EFFLUENT as follows:

Biologically Treated Sewage Effluent

**FROM:** Plot 10, Star Lane, Holbeach Bank, Holbeach, Lincolnshire

**TO:** A tributary of Holbeach River

**SUBJECT TO** the conditions set out in the following schedules:

Biologically Treated Sewage Effluent      Schedule No. PRNNF/12631 01

Subject to the provisions of Paragraphs 7 and 8 of Schedule 10 of the Water Resources Act 1991 as amended by the Environment Act 1995, no notice shall be served by the Agency, altering this consent without the agreement in writing of the Consent Holder, during a period of 4 years from the date this consent takes effect or such later date as may be specified in an endorsement to this document.

This consent is issued and takes effect on the 25 May 2001

Simon J. Nugent  
Team Leader Water Quality Consenting

Attention is drawn to the notes overleaf.

NOTES

1. If you consider that any of the conditions subject to which this Consent is granted, or that the period specified in the final paragraph overleaf, are unreasonable, you may, by virtue of Section 91 of The Water Resources Act 1991, as amended by the Environment Act 1995, appeal to the Secretary of State for the Environment, Transport and the Regions.
2. The procedure for appealing is governed by the Control of Pollution (Applications, Appeals and Registers) Regulations 1996, to which anyone wishing to appeal should refer. Notice of appeal, together with a statement of the grounds of appeal, must be given in writing to the  
Secretary of State for the Environment, Transport and the Regions  
The Planning Inspectorate  
Tollgate House  
Houlton Street  
Bristol BS2 9DJ

within three months of notification of the Agency's decision.

3. Any contravention of the conditions subject to which this Consent is granted is an offence under the Act and will render the Consent Holder liable to prosecution by the Agency and by any other person.
4. This Consent is in respect of water quality considerations only and does not relate to land drainage or other requirements. A Consent under the Land Drainage Byelaws may also be required.
5. The granting of Consent under Schedule 10 of the Water Resources Act 1991, as amended by the Environment Act 1995, does not give any right or permission to discharge to a watercourse where land is not owned by the holder of the Consent.

## CONDITIONS OF CONSENT TO DISCHARGE

### Biologically Treated Sewage Effluent ("the discharge")

**FROM: Plot 10, Star Lane, Holbeach Bank, Holbeach, Lincolnshire**

1.
  - a) The discharge shall not contain any poisonous, noxious, or polluting matter or solid waste matter.
  - b) Provided that the discharge hereby consented is made in accordance with the following conditions of this consent, such discharge shall not be taken to be in breach of condition (a) above by reason of containing substances or having properties identified in and controlled by those conditions.
2. The discharge shall consist solely of Biologically Treated Sewage Effluent from an appropriately sized and designed sewage treatment plant installed, operated and maintained in accordance with the manufacturer's instructions as updated from time to time.
3. The discharge shall be made through an outlet at National Grid Reference TF 3549 2733 into a tributary of Holbeach River.
4. The volume discharged shall not exceed 1.0 cubic metres in any period of 24 hours.
5. As far as is reasonably practicable, the discharge shall not contain any matter to such an extent as to cause the receiving waters, or any waters of which the receiving waters are a tributary, to be poisonous or injurious to fish in those waters, or to the spawning grounds, spawn or food of fish in those waters, or otherwise cause damage to the ecology of those waters, or to have any other adverse environmental impact.
6. The discharge shall contain no visible oil or grease.
7. A sampling point with facilities enabling fully representative samples of the discharge to be readily and safely taken at all times shall be installed by the Consent Holder at the sampling chamber immediately downstream of the treatment plant. The Consent Holder shall ensure that all constituents of the discharge pass through the said sampling point at all times and in any legal proceedings it shall, for the purposes of Section 10 of the Rivers (Prevention of Pollution) Act 1961, be presumed, until the contrary is shown, that any sample of the discharge taken by the Agency at the said sampling point is a sample of what was passing into controlled waters from the said premises.
