Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This variation is to increase the tonnage to 25,000 tonnes per year, amend the description of the waste code 16 01 22 and allow storage of waste outside.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
