### **Variation application number**

EPR/YP3895ZW/V006

### **Permit number**

EPR/YP3895ZW

# Mangham Works

## Permit number EPR/YP3895ZW

### Introductory note

#### This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This variation notice allows the permit holder to accept an additional waste code 16 01 21\* (hazardous components other than those mentioned in 16 01 07 to 16 01 11 and 16 01 13 and 16 01 14).

The schedules specify the changes made to the original permit.

We consider that in reaching our decision to vary the permit we have taken into account all relevant considerations and legal requirements. We are satisfied that the permit will ensure that a high level of protection is provided for the environment and human health and that the activities will not give rise to any significant pollution of the environment or harm to human health.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

| Status log of the permit                                         |                         |                                                              |

End of introductory note

# Notice of variation

## The Environmental Permitting (England and Wales) Regulations 2016

The Environment Agency in exercise of its powers under regulation 20 of the Environmental Permitting (England and Wales) Regulations 2016 varies

### Permit number

**EPR/YP3895ZW**

### Issued to

**Ronald Hull Jnr Limited** ("the operator")

whose registered office is

**Mangham Works**

**Mangham Road**

**Parkgate**

**Rotherham**

**S62 6EF**

company registration number 01278500

to operate a regulated facility at

**Mangham Works**

**Mangham Road**

**Parkgate**

**Rotherham**

**S62 6EF**

to the extent set out in the schedules.

The notice shall take effect from 31/12/2021

| Name       | Date       |
|------------|------------|
| Kate Ellis | 31/12/2021 |

Authorised on behalf of the Environment Agency

## Schedule 1 – conditions to be deleted

The following conditions are deleted as a result of the application made by the operator

Table 2.2 Licensed waste types and quantities, in Schedule 4.

## Schedule 2 – conditions to be amended

The following conditions are amended as a result of the application made by the operator

Table 2.3 referenced in the condition 2.2.1 (a) is amended as follows:

| Table 2.3 Permitted waste types and quantities |                                                                                                                           |
|------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|
| <b>Maximum quantity</b>                        | The total quantity of waste accepted at the site per year shall not exceed 180,000 tonnes.                                |
| Waste codes                                    | Description                                                                                                               |
| <b>01</b>                                      | <b>Wastes resulting from exploration, mining, quarrying, and physical and chemical treatment of minerals</b>              |
| <b>01 01</b>                                   | <b>wastes from mineral excavation</b>                                                                                     |
| 01 01 01                                       | wastes from mineral metalliferous excavation                                                                              |
| 01 01 02                                       | wastes from mineral non-metalliferous excavation                                                                          |
| <b>01 03</b>                                   | <b>wastes from physical and chemical processing of metalliferous minerals</b>                                             |
| 01 03 06                                       | tailings other than those mentioned in 01 03 04 and 01 03 05                                                              |
| 01 03 08                                       | dusty and powdery wastes other than those mentioned in 01 03 07                                                           |
| 01 03 09                                       | red mud from alumina production other than the wastes mentioned in 01 03 10                                               |
| <b>01 04</b>                                   | <b>wastes from physical and chemical processing of non-metalliferous minerals</b>                                         |
| 01 04 08                                       | waste gravel and crushed rocks other than those mentioned in 01 04 07                                                     |
| 01 04 09                                       | waste sand and clays                                                                                                      |
| 01 04 11                                       | wastes from potash and rock salt processing other than those mentioned in 01 04 07                                        |
| 01 04 12                                       | tailings and other wastes from washing and cleaning of minerals other than those mentioned in 01 04 07 and 01 04 11       |
| 01 04 13                                       | wastes from stone cutting and sawing other than those mentioned in 01 04 07                                               |
| <b>02</b>                                      | <b>Wastes from agriculture, horticulture, aquaculture, forestry, hunting and fishing, food preparation and processing</b> |
| <b>02 01</b>                                   | <b>wastes from agriculture, horticulture, aquaculture, forestry, hunting and fishing</b>                                  |

### Schedule 3 – conditions to be added

The following conditions are added as a result of the application made by the operator

#### 3.8 Fire prevention

- 3.8.1 The operator shall take all appropriate measures to prevent fires on site and minimise the risk of pollution from them including, but not limited to, those specified in any approved fire prevention plan.
- 3.8.2 The operator shall:
- (a) if notified by the Environment Agency that the activities are giving rise to a risk of fire, submit to the Environment Agency for approval within the period specified, a fire prevention plan which prevents fires and minimises the risk of pollution from fires;
  - (b) implement the fire prevention plan, from the date of approval, unless otherwise agreed in writing by the Environment Agency.
