Notice of variation with introductory note

Environmental Permitting (England & Wales) Regulations 2010

JWT Waste Services Ltd

Arley Way
Chantlers Industrial Estate
Atherton
Manchester
M46 9BE

Variation application number

EPR/QP3496CM/V004

Permit number

EPR/QP3496CM

Arley Way, Chantlers Industrial Estate
Permit number EPR/QP3496CM

Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

JWT Waste Services Limited operate a Household, Commercial and Industrial Waste Transfer Station under environmental permit EPR/QP3496CM. An application to vary the permit was submitted by JWT Waste Services. In line with the application, the permit has been varied. The variation includes an extension to the permit boundary, in addition to an increase in the site's maximum storage capacity and daily input.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	**Date**	**Comments**
Waste disposal licence RD/LIC/649/90) issued	06/03/1991

Name	Date
Keith Landers	**04/07/2012**

Authorised on behalf of the Environment Agency

Schedule 1 – conditions to be deleted

None

Schedule 2 – conditions to be amended

The following conditions are amended as a result of the application made by the operator.

Table 1.1 Specified waste management operations

Table 1.1 Specified waste management operations		
Specified Waste Management Operation	**Permitted Waste Types which may be subject to the Specified Operation**	**Limits on Specified Waste Management Operations**
D15: Storage pending any of the operations numbered D1 to D14 (excluding temporary storage, pending collection, on the site where it is produced) **R13**: Storage of wastes pending any of the operations numbered R1 to R12 (excluding temporary storage, pending collection, on the site where the waste is produced)	All	Operations will be undertaken in line with JWT Waste Services Ltd, Management System, dated 10/04/2012, Version 5.0, ref. no. 2345/328/MS/01. The maximum storage capacity shall not exceed 1200 tonnes, as specified in Section 1.5.5 of the Management System. The maximum duration of storage shall not exceed that specified in Section 1.5.5 of the Management System. The maximum throughput of waste shall not exceed 600 tonnes per day, as specified in Section 1.5.4 of the Management System. Stockpile heights will be limited to the dimensions specified in Section 1.5.5 of the Management System. Waste will only be stored in the area within the green boundary on drawings 2345/328/02 and 2345/328/03.
D14: Repackaging prior to submission to any of the operations numbered D1 to D13 **D9**: Physico-chemical treatment not specified elsewhere in Annex IIA which results in final compounds or mixtures which are discarded by means of any of the operations numbered D1 to D12 **R3**: Recycling/reclamation of organic substances which are not used as solvents **R4**: Recycling/reclamation of metals and metal compounds **R5**: Recycling/reclamation of other inorganic materials	All	Treatment consisting only of manual sorting, separation, screening, baling, shredding, crushing or compaction of waste for disposal (<50 tonnes per day) or recovery.

1.2.2 Permitted quantities of wastes

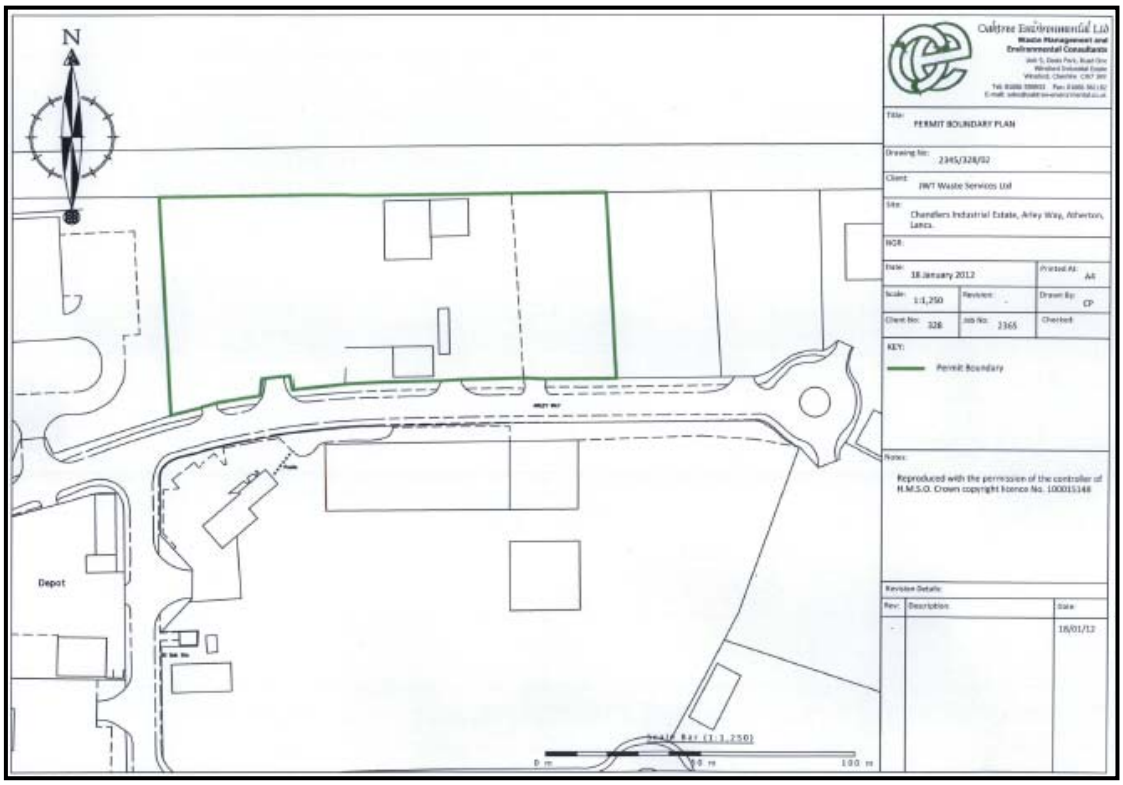

1.2.2 Whilst complying with the maximum quantities in Table 1.2, the total quantity of waste accepted at the site per year shall not exceed 219,000 tonnes. The quantity of waste accepted daily shall not exceed 600 tonnes.

Schedule 3 – conditions to be added

None

Schedule 4 – amended plan

Amended plan attached
