NOTES

CONTROL OF POLLUTION ACT 1974

Appeals
If a licence holder is aggrieved by the decision of the Waste Disposal Authority in modifying conditions specified in a disposal licence he may appeal to the Secretary of State in accordance with Section 10 of the Control of Pollution Act 1974. Appeals must be notified within 6 months of the date of this notice to the Secretary, Department of the Environment, Land Wastes Division, Room B556, Romney House, Marsham Street, London, SW1P 3PY. The Secretary of State has power to allow a longer period for the giving of notice of an appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of an appeal.

Where a notice giving the authority's decision to modify a disposal licence includes a statement that for the purpose of preventing pollution of water or danger to public health, Section 10(2) of the Control of Pollution Act should not apply to the decision, the notification of an appeal against the decision will not itself render the decision ineffective pending determination of the appeal.

If you consider that such a statement has been unreasonably included in the notice of decision you may apply, under Section 10(3) of the Control of Pollution Act, to the Secretary of State to determine whether the authority's action was unreasonable or not. (The address to write to is as given above). If the Secretary of State determines that the authority acted unreasonably in including such a statement, the authority's decision will become ineffective while an appeal is pending and you will be entitled to recover compensation from the authority in respect of any loss you have suffered in consequence of the statement. Any dispute as to your entitlement to compensation or its amount shall be determined by arbitration.

NOTICE IS HEREBY GIVEN that the Waste Disposal Authority (hereinafter referred to as "the Authority") modified the said conditions as follows:

So that the conditions of the licence, as modified, are specified in the attached schedule.

Such modification shall take effect on +
