Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This variation is to change the position of two of the 18 biomass boilers on site:

- The biomass boiler for house 17 will be located at grid reference TF 08469 42821
- The biomass boiler for house 18 will be located at grid reference TF 08456 42931
- New site plan submitted

And to update the permit to include previous minor changes:

- Clarification of position of generators on site
- Identify position of gable end fans
- Update position of discharge points on site
- Submission of new site emission plan to include the above
- Removal of LPG tank vents from Table S3.1, in line with current guidance for Intensive farming.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
