### Introductory note

#### This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

The Unit 6 site has been permitted as a household, commercial and industrial (HCI) waste transfer station under the standard rules set SR2015No6.

This variation to the standard rules permit has accounted for the following changes:

- A second standard rules activity has been included within the permit. Standard rules SR2008No24 will allow for the site to transfer clinical and healthcare waste. This standards rule activity was formerly permitted under the Biffa Municipal Limited permit EPR/EB3905LD, which has been surrendered.
- The permit boundary has been increased to include the new standard rules activity, and to provide more storage space for baled waste for the HCI transfer activity.
- The registered office address of Biffa Municipal Limited has been changed to Coronation Road, Cressex, High Wycombe, Buckinghamshire, England, HP12 3TZ.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
