

WATER RESOURCES ACT 1991

SECTION 88 - SCHEDULE 10

(AS AMENDED BY THE ENVIRONMENT ACT 1995)

NOTICE OF MODIFICATION OF CONSENT TO DISCHARGE

TO: Southern Water Services Ltd ("the Consent Holder")
Southern House
Yeoman Road
Worthing
West Sussex
BN13 3NX

Following a review of the conditions of its consent, the **ENVIRONMENT AGENCY** ("The Agency") exercising its powers under paragraph 7(2)(b) of Schedule 10 to the Water Resources Act 1991, **HEREBY MODIFIES ITS CONSENT** for making a discharge **OF:**

Settled storm sewage and/or storm sewage and/or sewage discharged in an emergency

with respect to the attached list of Consents (List 1).

FROM the date upon which this modification takes effect, each of the Consents in the attached List 1 are modified as followed:

A. Addition of the following new condition(s) below as specified in Column C of the attached List of Consents:

Shellfish Waters

Event Duration Monitoring

SW1

- a) A recording system with telemetry shall be provided and maintained to record the frequency and duration of overflow events from the combined sewer and/or storm tank.
- b) The Consent Holder shall supply both the relevant Local Food Authority/appropriate Environmental Health Officer(s) and the Environment Agency, with an annual written report of the operation of the overflow from the combined sewer and/or storm tank, whichever is applicable, to include date, start time and duration of each spill in accordance with the format provided by the Environment Agency.
- c) Provision of this report will coincide with the annual classification under the Shellfish Hygiene Directive. The report shall cover the 12 month period 1st April – 31st March inclusive, and shall be provided by the end of the following May.
- d) On request, the Consent Holder shall supply the Environment Agency with written details of individual spill event(s).

Telemetry on Emergency Overflow Operation

SW2

- a) A 24 hour response telemetry alarm system shall be provided and maintained to provide a notification in the event of operation of the emergency overflow.
- b) The Consent Holder shall notify both the relevant Local Food Authority / appropriate Environmental Health Officer(s) and the Environment Agency, as soon as practicable and within 24 hours of receipt of a telemetry warning, that operation of the emergency

overflow has taken place.

NOTE. All other conditions of the consents in List 1 remain unaltered and in force. This notice of modification should be read in conjunction with, and attached to, each Consent as specified in the attached list of Consents or Schedules to Consents.

Under the provisions of Paragraphs 7 and 8 of Schedule 10 to the Water Resources Act 1991, no notice shall be served by the Agency, which alters the effect of modifications made by this notice, without the agreement in writing of the Consent Holder, during a period of 4 years from the date this notice is served.

This modification takes effect on the 31st day of March 2013 or on commissioning of the recording system, whichever is the sooner.

This modification is served on the 22nd day of March 2010.

A handwritten signature in black ink, appearing to be 'RZ' or similar, is written over a light blue rectangular stamp.

Signed:

Team Leader National Permitting Service
