Permit number EPR/GP3492HE

Introductory note

This introductory note does not form a part of the permit

The following notice, which is issued pursuant to regulation 20 and Part 1 of Schedule 5 of the Environmental Permitting (England and Wales) Regulations S.I.2007 No. 3538 (the Regulations), gives notice of the variation of an environmental permit to operate a regulated facility.

This variation replaces all the conditions in the permit that regulate the waste transfer and treatment activities at the site and replaces them with conditions from our permit template, including a list of acceptable wastes using EWC codes. The variation also increases the amount of waste the site may accept per year

Schedule 1 of this notice lists any deleted conditions, Schedule 2 lists any amended conditions, Schedule 3 lists any conditions that have been added and Schedule 4 shows any changes to the plan.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
