The following notice gives notice of the variation of an environmental permit.

The shredding of hard plastics will now take place outdoors, as the scale of the operation will not fit in any of the buildings on site, between 18:00 and 20:00. The site boundary is also increasing and tonnages accepted on site are increasing from 10,000t/y to 21,000t/y. The registered office address has also been updated.

The schedules specify the changes made to the original permit.
