APPEALS

If a licence holder is aggrieved by the decision of the Environment Agency in modifying conditions specified in a waste management licence he may appeal to the Secretary of State in accordance with Section 43 of the Environmental Protection Act 1990. Appeals must be notified, in the manner prescribed by Regulation 6 of the Waste Management Licensing Regulations 1994, within six months of the date of this notice to Environmental Appeals Administration, The Planning Inspectorate, Room 4/19 Eagle Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN. The Secretary of State has the power to allow a longer period for the giving of notice of an appeal but he will not normally be prepared to exercise this power unless there are special circumstances, which excuse the delay in giving notice of an appeal.

Where a notice giving the Agency's decision to modify a waste management licence includes a statement that for the purposes of preventing, or where that is not practicable, minimising pollution of the environment or harm to human health, Section 43(4) of the Environmental Protection Act 1990 shall not apply to the decision, the notification of an appeal against the decision will not of itself render the decision ineffective pending determination of the appeal.

If you consider that such a statement has been unreasonably included in the notice of decision you may apply, under Section 43(7) of the Environmental Protection Act 1990, to the Secretary of State to determine whether the Agency's action was unreasonable or not. If the Secretary of State determines that the Authority acted unreasonably in including such a statement, the Agency's decision will become ineffective while an appeal is pending and you will be entitled to recover compensation from the Agency in respect of any loss you have suffered in consequence of exclusion of the application of Section 43(4). Any dispute as to your entitlement to compensation or its amount shall be determined by arbitration.
