Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation of an environmental permit.

This administrative variation notice has been issued to ensure that all permitted activities currently authorised by this permit as notified by the operator on 18/02/2022 as currently mothballed/suspended, can only recommence on issue of a new permit variation notice, following an application made by the operator to vary their permit accordingly. The new permit will be issued in accordance with the Waste Treatment BAT conclusions (published 17/08/2018) and all applicable guidance including 'Chemical Wastes: appropriate measures for permitted facilities' (published 18/11/2020) and other appropriate measures guidance as required for the site.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Schedule 1 – Conditions to be deleted

None.

Schedule 2 – Conditions to be amended

The following conditions are amended as detailed, following an Environment Agency initiated variation.

2.6 Pre-operational conditions

- 2.6.1 The activities specified in schedule 1 table S1.1 of the permit shall not recommence until the measures specified in table S1.4 below have been completed.

Table S1.4 Pre-operational measures for future development		
Reference	Operation	Pre-operational measures
PO1	Recommencement of activities in table S1.1.	Prior to the recommencement of any activities authorised by table S1.1, including any waste acceptance, storage and treatment which are in temporary cessation¹ under this variation notice, the operator shall apply to the Environment Agency to vary the permit and provide supporting documents in accordance with the requirements of the Waste Treatment BAT conclusions and Chemical Wastes: appropriate measures for permitted sites and other appropriate measures guidance as applicable. The activities permitted shall only recommence once the permit variation has been issued by the Environment Agency.
Note 1: In accordance with our Charging Scheme any reduction in subsistence fees due to a site being accepted by the Environment Agency as in temporary cessation (where activities have ceased for a period exceeding 12 months) is temporary and limited to a maximum period of 2 years.		

Schedule 3 – Conditions to be added

None.
