Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the transfer of an environmental permit to a new operator (the transferee) and changes to the permit.

This is a transfer in full from RMC Logistics South East Limited to Cemex UK Materials Limited.

The Environment Agency has varied your permit to ensure compliance with the relevant requirements of the Landfill Directive (1999/31/EC) during the aftercare phase. We are varying your permit to give effect to the statutory provisions that prevent you from accepting waste for disposal unless and until your permit is varied to be Landfill Directive compliant.

Any changes made as a result of the transfer are set out in the schedules.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
