Notice of variation with introductory note

The Environmental Permitting (England & Wales) Regulations 2010

Mrs Edna Trotter

Thackwood Landfill Site
Monkcastle
Southwaite
Carlisle

Variation application number

EPR/EP3593ZF/V008

Permit number

EPR/EP3593ZF

Thackwood Landfill Site
Permit number EPR/EP3593ZF

Introductory note

This introductory note does not form a part of the notice.

The following gives notice of the variation of your environmental permit.

The Permit has been varied to ensure compliance with the relevant requirements of the Landfill Directive (1999/33/EC), article 13, during the aftercare phase. This notice removes your right to accept any more waste for disposal at the landfill site.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	**Date**	**Comments**
Cumbria County Council issued a waste disposal licence to H&E Trotter (licence no. 282)	29/09/94

Name	Date
Simon Lines	**28/07/2016**

Authorised on behalf of the Environment Agency

Schedule 1 – conditions to be deleted

none

Schedule 2 – conditions to be amended

The following conditions are amended by an Environment Agency initiated variation

2. Landfill

2.1 Solid Waste

Only solid wastes of the following description were previously permitted for deposit

2.1.1 Inert Material

Inert material shall consist of

2.1.1.1 soil, sand, clay, stone, concrete, bricks, slate, glass, and ceramic materials. Such inert material must not be contaminated with any leachate forming materials, including any of the following wastes (which are listed for the purposes of illustration only): paper, cardboard, foodstuffs, animal flesh, vegetable matter, plaster, plasterboard, wood, timber, sawdust, textiles, metal and plastic objects,

2.1.1.2 hard bonded asbestos products arising from building demolition or construction work.

2.1.2 Waste From Construction, Demolition or Building

Waste from construction, demolition or building shall be waste containing mainly inert materials as described above, but also non-inert materials which arise necessarily from construction, demolition or building of any structure (which includes improvement, repair or alteration of a building or structure).

2.1.3 Household Waste

Waste defined as household waste by Section 75(5) of the Environmental Protection Act 1990 and The Controlled Waste Regulations 1992 excluding any clinical waste as defined in The Controlled Waste Regulations 1992.

2.1.4 Commercial Waste

Waste defined as commercial waste by Section 75(7) of The Environmental Protection Act 1990 and The Controlled Waste Regulations 1992, excluding any clinical waste as defined in The Controlled Waste Regulations 1992.

2.1.5 Industrial Waste

Waste defined as industrial waste by Section 75(6) of The Environmental Protection Act 1990 and the Controlled Waste Regulations 1992, excluding any clinical waste as defined in The Controlled Waste Regulations 1992.

Schedule 3 – conditions to be added

The following conditions are added following an Environment Agency initiated variation

41. No waste may be accepted for disposal at the landfill site.

42 Waste shall only be accepted for restoration of the landfill site when approved in writing by the Environment Agency.
