

Notice of variation with introductory note

Environmental Permitting (England & Wales) Regulations 2010

Balfour Beatty Rail Projects Limited

Ruislip Railway Waste Depot
West End Road
Ruislip
Middlesex
HA4 6NS

Variation application number
EPR/MP3834LG/V003

Permit number
EPR/MP3834LG

Ruislip Rail Waste Depot

Permit number EPR/MP3834LG

Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

Schedule 1 to the Environmental Permitting Regulations has been updated by the Environmental Permitting (England and Wales) (Amendment) Regulations 2013 to reflect the implementation of the Industrial Emissions Directive into England and Wales. This variation implements the changes made to Schedule 1 of the Regulations into Table S1.1 of the permit. Table S1.1 specifies the activities authorised by the permit.

The Environment Agency has also taken the opportunity to update the registered office address from 86 Station Road, Redhill, Surrey, RH1 1PQ to 130 Wilton Road, London, SW1V 1LQ

The schedules to this variation specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Application EPR/MP3834LG/A001	Duly made 27/04/06

Name	Date
Damien Matthias	13/03/2014

Authorised on behalf of the Environment Agency

Schedule 1 – conditions to be deleted

None

Schedule 2 – conditions to be amended

The following conditions are amended as detailed, following an Environment Agency initiated variation

- Table S1.1 is amended to reflect the changes to Schedule 1 of the Environmental Permitting Regulations introduced by the Industrial Emissions Directive. The table now reads:

Table S1.1 activities			
Activity reference	Activity listed in Schedule 1 of the EP Regulations	Description of specified activity and WFD Annex I and II operations	Limits of specified activity and waste types
A1	S5.6A(1)(a)	Temporary storage of hazardous waste with a total capacity exceeding 50 tonnes. D15: Storage of hazardous waste.	Waste types as specified in Table S3.2
	Description of activities for waste operations	Limits of activities	
A2	R3: Recycling or reclamation of organic substances which are not used as solvents, including composting and other biological transformation processes.	Wastes specified in Table S3.3 The maximum quantity stored at the site not exceed 12,000 tonnes at any on time. Waste shall not be stored in containment bays dedicated to activity A1 as listed in this table.	
A3	R4: Recycling or reclamation of metals and metal compounds	Waste specified in Table 3.4 The maximum quantity stored at the site not exceed 12,000 tonnes at any one time. Waste shall not be stored in containment bays dedicated to activity A1 as listed in this table.	
A4	R13: Storage of waste pending any of the operations listed in paragraphs 1 to 12 of this part of the schedule, but excluding temporary storage, pending collection, on the site where it was produced.	Waste codes specified in Table S3.5. The maximum quantity of waste stored at the site for disposal shall not exceed 10,000 tonnes at any one time. Waste shall not be stored in containment bays dedicated to activity A1 as listed in this table.	

Schedule 3 – conditions to be added

None
